Dear Supervisor Farr,

Please do not surrender to the 145 tribal residents who would end the Williamson Act on Camp 4, destroy the County Plan for the Santa Ynez Valley and ruin the valley for the 20,000-plus law abiding tax paying citizens that constitute the great majority of residents.

Again, please stand firm against this travesty or, at the very least, allow public involvement in this extremely vital matter.

Thank you,

Rolf and Robyn Richter
