Subject: Re: Request for Community Help - Camp 4

I am writing to implore the County and the Subcommittee to listen to the local population in regards to the annexation of Camp 4. I am strongly against the annexation or fee to trust of this land.

I own an 85 acre horse ranch within two miles of this property. The development of this land, beyond the existing zoning WILL DIRECTLY AND NEGATIVELY EFFECT MY PROPERTY, MY BUSINESS AND MY HOME.

Beyond that, I completely question the Subcommittee's authority to negotiate this matter. The Board never extended them the power to do so.

Please allow the public to fully weight in on this matter.
