There are 4 steps to being a responsible pet owner:

- **Vaccinate** – Vaccinations are the best way to provide protection against life threatening diseases and virus' that can affect your pet.
- **Licensing**- Licensing your pet is required by state and local laws. All dogs over the age of 4 months are required to be wearing a license. A license tag is your pet's ticket home.
- **Spay/Neuter** - Spaying and Neutering your pet prevents the birth of unwanted puppies and kittens and enhances your pet's health and quality of life.
- **Microchip** -Microchipping is a form of permanent identification. With a microchip, your pet can be easily identified if found by a shelter or veterinary office.
