The Board of Supervisors has directed staff to develop comprehensive cannabis regulations to permit or prohibit activities associated with the Medicinal and Adult Use Cannabis Regulation and Safety Act (MAUCRSA), for the Board of Supervisors' consideration. County staff will be giving updates to the Planning Commissions on the progress of the Cannabis Land Use Ordinance and Licensing Program.

Anyone interested in this matter is invited to appear and speak on the project. The Commissions may change the order of items listed on their hearing agendas. Estimated discussion times allocated for each project are shown on the Commissions' agendas, following the project descriptions. These estimated times are approximate. At 9:00 a.m. on the hearing day, during the Agenda Status Report, the Commission will determine whether to change the order of items listed on the agenda for that hearing.

Written comments are also welcome. All letters should be addressed to the Montecito Planning Commission or County Planning Commission at [dvillalo@countyofsb.org](mailto:dvillalo@countyofsb.org).
