Redevelopment Agency

Budget Pages(s): D-477

Request/Question:

Please provide a list of services provided by the CEO's office to the RDA for the annual \$85,000 compensation listed in the Agreement.

Report Back by:

Kimbra Caywood McCarthy, Fiscal and Policy Analyst

Response:

The \$85,000 compensation partially funds the cost associated with Assistant CEO direct oversight of RDA. Services provided on an ongoing basis include: providing executive level oversight and guidance to the RDA team; oversight of capital/infrastructure projects such as Pardall Road, parking lot, and El Colegio Road; preparation and attendance at Project Area Committee meetings; development and oversight of the RDA budget as well as the annual and 2007-2011 workplan; negotiation of private-public partnerships and agreements; and coordination of Isla Vista Master Planning effort. Additionally, fiscal and contractual analysis, as well as payroll support, is provided by CEO accounting staff.
