AGENDA ITEM IV

GOVERNMENT CODE

CALIFORNIA CODES

GOVERNMENT CODE

SECTION 12710-12718

12710. This chapter establishes the method of calculating the distribution of appropriations from the Indian Gaming Special Distribution Fund for grants to local **government** agencies impacted by tribal gaming.

12711. (a) It is the intent of the Legislature to establish a fair and proportionate system to award grants from the Indian Gaming Special Distribution Fund for the support of local **government** agencies impacted by tribal gaming. It is also the intent of the Legislature that priority for funding shall be given to local **government** agencies impacted by the tribal casinos that contribute to the Indian Gaming Special Distribution Fund.

(b) It is the intent of the Legislature that in the event that any compact between any tribe and the state takes effect on or after the effective date of this chapter, or that any compact between any tribe and the state that took effect on or before May 16, 2000, is renegotiated and reexecuted at any time after its initial effective date, money provided to the state by a tribe pursuant to the terms of these compacts shall be applied on a pro rata basis to the state costs for the regulation of gaming and for problem gambling prevention programs in the Office of Problem and Pathological Gambling within the State Department of Alcohol and Drug Programs.

(c) It is the intent of the Legislature that if any compact between any tribe and the state takes effect on or after the effective date of this chapter, or if any compact between any tribe and the state that took effect on or before May 16, 2000, is renegotiated and reexecuted at any time after its initial effective date, any revenue sharing provisions of that compact that requires distributions to nongaming or noncompact tribes shall result in a decrease in the amount that the Legislature appropriates pursuant to this chapter.

12712. As used in this chapter:

(a) "County Tribal Casino Account" means an account consisting of all moneys paid by tribes of that county into the Indian Gaming Special Distribution Fund after deduction of the amounts appropriated pursuant to the priorities specified in Section 12012.85.

(b) "Individual Tribal Casino Accounts" means an account for each individual tribe that has paid money into the Indian Gaming Special Distribution Fund. The individual tribal casino account shall be funded in proportion to the amount that the individual tribe has paid into the Indian Gaming Special Distribution Fund.

(c) "Local **government** jurisdiction" or "local jurisdiction" means any city, county, or special district.

(d) "Special district" means any agency of the state that performs governmental or proprietary functions within limited boundaries. "Special district" includes a county service area, a maintenance district or area, an improvement district or improvement zone, or any other zone, district, or area that meets the requirements of this subdivision. "Special district" does not include a city, county, school district, or community college district.

12713. The Department of Finance, in consultation with the California Gambling Control Commission, shall calculate the total revenue in the Indian Gaming Special Distribution Fund that will be available for the current budget year for local **government** agencies impacted by tribal gaming. The department shall include this information in the May budget revision.

12714. (a) A County Tribal Casino Account is hereby created in the treasury for each county that contains a tribal casino.

(b) The amount to be deposited into each eligible county's County Tribal Casino Account shall be calculated in the following way:

(1) (A) For counties that do not have gaming devices subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund, the total amount to be appropriated by the Legislature for grants to local **government** agencies impacted by tribal gaming shall be multiplied by 5 percent.

(B) The amount determined pursuant to subparagraph (A) shall be divided by the aggregate number of gaming devices located in those counties that do not have gaming devices subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund.

(C) The amount determined pursuant to subparagraph (B) shall be multiplied by the number of gaming devices located in each county for which an appropriation is being calculated that are not subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund.

(D) The amount determined pursuant to subparagraph (C) shall be deposited into the County Tribal Casino Account for the county for which the appropriation was calculated.

(2) (A) For counties that have gaming devices subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund, the total amount to be appropriated by the Legislature for grants to local **government** agencies impacted by tribal gaming shall be multiplied by 95 percent.

(B) The amount determined pursuant to subparagraph (A) shall be divided by the aggregate number of gaming devices located in those counties that have gaming devices subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund.

(C) The amount determined pursuant to subparagraph (B) shall be multiplied by the number of gaming devices located in each county for which an appropriation is being calculated that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund.

(D) The amount determined pursuant to subparagraph (C) shall be deposited into the County Tribal Casino Account for the county for which the appropriation was calculated.

12715. (a) The Controller, acting in consultation with the California Gambling Control Commission, shall divide the County Tribal Casino Account for each county that has gaming devices that are subject to an obligation to make contributions to the Indian Gaming Special Distribution Fund into a separate account for each tribe that operates a casino within the county. These accounts shall be known as Individual Tribal Casino Accounts, and funds may be released from these accounts to make grants selected by an Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. Each Individual Tribal Casino Account shall be funded in proportion to the amount that each individual tribe paid in the prior fiscal year to the Indian Gaming Special Distribution Fund.

(b) (1) There is hereby created in each county in which Indian gaming is conducted an Indian Gaming Local Community Benefit Committee. The selection of all grants from each Individual Tribal Casino Account or County Tribal Casino Account shall be made by each county's Indian Gaming Local Community Benefit Committee. In selecting grants, the Indian Gaming Local Community Benefit Committee shall follow the priorities established in subdivision (g) and the requirements specified in subdivision (h). This committee has the following additional responsibilities:

(A) Establishing all application policies and procedures for grants from the Individual Tribal Casino Account or County Tribal Casino Account.

(B) Assessing the eligibility of applications for grants from local jurisdictions impacted by tribal gaming operations.

(C) Determining the appropriate amount for reimbursement from the aggregate county tribal account of the demonstrated costs incurred by the county for administering the grant programs. The reimbursement for county administrative costs may not exceed 2 percent of the aggregate county tribal account in any given fiscal year.

(2) Except as provided in Section 12715.5, the Indian Gaming Local Community Benefit Committee shall be composed of seven representatives, consisting of the following:

(A) Two representatives from the county, selected by the county board of supervisors.

(B) Three elected representatives from cities located within four miles of a tribal casino in the county, selected by the county board of supervisors. In the event that there are no cities located within four miles of a tribal casino in the county, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes paying into the Indian Gaming Special Distribution Fund in the county. When there are no cities within four miles of a tribal casino in the county, and when the Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, other local representatives may be selected upon mutual agreement by the county board of supervisors and a majority of the tribes operating casinos in the county. However, if only one city is within four miles of a tribal casino and that same casino is located entirely within the unincorporated area of that particular county, only one elected representative from that city shall be included on the Indian Gaming Local Community Benefit Committee.

(C) Two representatives selected upon the recommendation of a majority of the tribes paying into the Indian Gaming Special Distribution Fund in each county. When an Indian Gaming Local Community Benefit Committee acts on behalf of a county where no tribes pay into the Indian Gaming Special Distribution Fund, the two representatives may be selected upon the recommendation of the tribes operating casinos in the county.

(c) Sixty percent of each Individual Tribal Casino Account shall be available for nexus grants on a yearly basis to cities and counties impacted by tribes that are paying into the Indian Gaming Special Distribution Fund, according to the four-part nexus test described in paragraph (1). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(1) A nexus test based on the geographical proximity of a local **government** jurisdiction to an individual Indian land upon which a tribal casino is located shall be used by each county's Indian Gaming Local Community Benefit Committee to determine the relative priority for grants, using the following criteria:

(A) Whether the local **government** jurisdiction borders the Indian

lands on all sides.

(B) Whether the local **government** jurisdiction partially borders Indian lands.

(C) Whether the local **government** jurisdiction maintains a highway, road, or other thoroughfare that is the predominant access route to a casino that is located within four miles.

(D) Whether all or a portion of the local **government** jurisdiction is located within four miles of a casino.

(2) Fifty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local **government** jurisdictions that meet all four of the nexus test criteria in paragraph (1). If no eligible local **government** jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local **government** jurisdictions meeting the requirements of paragraph (3) or (4).

(3) Thirty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local **government** jurisdictions that meet three of the nexus test criteria in paragraph (1). If no eligible local **government** jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local **government** jurisdictions meeting the requirements of paragraph (2) or (4).

(4) Twenty percent of the amount specified in subdivision (c) shall be awarded in equal proportions to local **government** jurisdictions that meet two of the nexus test criteria in paragraph (1). If no eligible local **government** jurisdiction satisfies this requirement, the amount specified in this paragraph shall be made available for nexus grants in equal proportions to local **government** jurisdictions meeting the requirements of paragraph (2) or (3).

(d) Twenty percent of each Individual Tribal Casino Account shall be available for discretionary grants to local jurisdictions impacted by tribes that are paying into the Indian Gaming Special Distribution Fund. These discretionary grants shall be made available to all local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c). Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(e) (1) Twenty percent of each Individual Tribal Casino Account shall be available for discretionary grants to local jurisdictions impacted by tribes that are not paying into the Indian Gaming Special Distribution Fund. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to impacts from any particular tribal casino, as described in paragraph (1) of subdivision (c), and irrespective of whether the impacts presented are from a tribal casino that is not paying into the Indian Gaming Special Distribution Fund. Grant awards shall be selected by each county's Indian Gaming Local Community Benefit Committee and shall be administered by the county. Grants may be awarded on a multiyear basis, and these multiyear grants shall be accounted for in the grant process for each year.

(A) Grants awarded pursuant to this subdivision are limited to addressing service-oriented impacts and providing assistance with one-time large capital projects related to Indian gaming impacts.

(B) Grants shall be subject to the sole sponsorship of the tribe that pays into the Indian Gaming Special Distribution Fund and the recommendations of the Indian Gaming Local Community Benefit Committee for that county.

(2) If an eligible county does not have a tribal casino operated by a tribe that does not pay into the Indian Gaming Special Distribution Fund, the moneys available for discretionary grants

under this subdivision shall be available for distribution pursuant to subdivision (d).

(f) (1) For each county that does not have gaming devices subject to an obligation to make payments to the Indian Gaming Special Distribution Fund, funds may be released from the county's County Tribal Casino Account to make grants selected by the county's Indian Gaming Local Community Benefit Committee pursuant to the method established by this section to local jurisdictions impacted by tribal casinos. These grants shall be made available to local jurisdictions in the county irrespective of any nexus to any particular tribal casino. These grants shall follow the priorities specified in subdivision (g) and the requirements specified in subdivision (h).

(2) Funds not allocated from a county tribal casino account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003-04 fiscal year shall be eligible for expenditure through December 31, 2004.

(g) The following uses shall be the priorities for the receipt of grant moneys from Individual Tribal Casino Accounts: law enforcement, fire services, emergency medical services, environmental impacts, water supplies, waste disposal, behavioral, health, planning and adjacent land uses, public health, roads, recreation and youth programs, and child care programs.

(h) In selecting grants pursuant to subdivision (b), an Indian Gaming Local Community Benefit Committee shall select only grant applications that mitigate impacts from casinos on local jurisdictions. If a local jurisdiction uses a grant selected pursuant to subdivision (b) for any unrelated purpose, the grant shall terminate immediately and any moneys not yet spent shall revert to the Indian Gaming Special Distribution Fund. If a local jurisdiction approves an expenditure that mitigates an impact from a casino on a local jurisdiction and that also provides other benefits to the local jurisdiction, the grant selected pursuant to subdivision (b) shall be used to finance only the proportionate share of the expenditure that mitigates the impact from the casino.

(i) All grants from Individual Tribal Casino Accounts shall be made only upon the affirmative sponsorship of the tribe paying into the Indian Gaming Special Distribution Fund from whose Individual Tribal Casino Account the grant moneys are available for distribution. Tribal sponsorship shall confirm that the grant application has a reasonable relationship to a casino impact and satisfies at least one of the priorities listed in subdivision (g). A grant may not be made for any purpose that would support or fund, directly or indirectly, any effort related to the opposition or challenge to Indian gaming in the state, and, to the extent any awarded grant is utilized for any prohibited purpose by any local **government**, upon notice given to the county by any tribe from whose Individual Tribal Casino Account the awarded grant went toward that prohibited use, the grant shall terminate immediately and any moneys not yet used shall again be made available for qualified nexus grants.

(j) A local **government** jurisdiction that is a recipient of a grant from an Individual County Tribal Casino Account or a County Tribal Casino Account shall provide notice to the public, either through a slogan, signage, or other mechanism, stating that the local **government** project has received funding from the Indian Gaming Special Distribution Fund and further identifying the particular Individual Tribal Casino Account from which the grant derives.

(k) (1) Each county's Indian Gaming Local Community Benefit Committee shall submit to the Controller a list of approved projects for funding from Individual Tribal Casino Accounts. Upon receipt of this list, the Controller shall release the funds directly to the local **government** entities for which a grant has been approved by the committee.

(2) Funds not allocated from an Individual Tribal Casino Account by the end of each fiscal year shall revert back to the Indian Gaming Special Distribution Fund. Moneys allocated for the 2003-04 fiscal year shall be eligible for expenditure through December 31, 2004. Moneys allocated for the 2008-09 fiscal year shall be eligible for expenditure through December 31, 2009.

(1) Notwithstanding any other law, a local **government** jurisdiction that receives a grant from an Individual Tribal Casino Account shall deposit all funds received in an interest-bearing account and use the interest from those funds only for the purpose of mitigating an impact from a casino. If any portion of the funds in the account is used for any other purpose, the remaining portion shall revert to the Indian Gaming Special Distribution Fund. As a condition of receiving further funds under this section, a local **government** jurisdiction, upon request of the county, shall demonstrate to the county that all expenditures made from the account have been in compliance with the requirements of this section.

(d) The sheriff of San Diego County.

12716. (a) Each county that administers grants from the Indian Gaming Special Distribution Fund shall provide an annual report to the Chairperson of the Joint Legislative Budget Committee, the chairpersons of the Senate and Assembly committees on governmental organization, and the California Gambling Control Commission by October 1 of each year detailing the specific projects funded by all grants in the county's jurisdiction in the previous fiscal year, including amounts expended in that fiscal year, but funded from appropriations in prior fiscal years. The report shall provide detailed information on the following:

(1) The amount of grant funds received by the county.

(2) A description of each project that is funded.

(3) A description of how each project mitigates the impact of tribal gaming.

(4) The total expenditures for each project.

(5) All administrative costs related to each project, excluding the county's administrative fee.

(6) The funds remaining at the end of the fiscal year for each project.

(7) An explanation regarding how any remaining funds will be spent for each project, including the estimated time for expenditure.

(8) A description of whether each project is funded once or on a continuing basis.

(b) A county that does not provide an annual report pursuant to subdivision (a) shall not be eligible for funding from the Indian Gaming Special Distribution Fund for the following year.

(c) For the 2009-10 fiscal year, the Controller may allocate funding to a county that submits the annual report required pursuant

to subdivision (a) after the October 1 deadline, but prior to July 1, 2011.

(d) This section shall remain in effect only until January 1, 2012, and as of that date is repealed, unless a later enacted statute, that is enacted before January 1, 2012, deletes or extends that date.

AGENDA ITEM V

GRANT APPLICATIONS

Santa Barbara County
Indian Gaming Community Benefit Committee

Grant Application FY 2010-11 – Funds to be distributed in FY 2010-11
\$1,469,883.96 Available to Award

To be considered for funding by the Indian Gaming Community Benefit Committee, the applying jurisdiction must be an eligible jurisdiction pursuant to Assembly Bill 158, and meet all the requirements as identified by the Santa Ynez Band of Chumash Indians and the Indian Gaming Community Benefit Committee. The Santa Ynez Band of Chumash Indians will forward applications and a list of sponsored applications to the Committee.

1. Name of Jurisdiction: City of Solvang
Pursuant to AB 158, jurisdiction is defined as a City, County or Special District.

a. Please indicate by checking the appropriate box the type of local jurisdiction:

City

County

Special District – "Special District" means an agency of the State, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.

b. If you checked Special District, please provide evidence by indicating the general law or special act (California Code Section) that establishes your status as a Special District: _____

2. Mailing address of Jurisdiction: 1644 Oak Street, Solvang, CA 93463

3. Purpose of Grant / Description of Project: In previous years, funding was granted for widening the Alamo Pintado Bridge on State Highway 246 to allow an additional westbound traffic lane and bike lane as part of intersection improvements at Alamo Pintado Road and Highway 246. Discussions with Caltrans have required that the first step necessary for that type of project is to complete a Project Study Report identifying alternatives. The Project Study Report has been completed. The work currently in progress is the Project Report and the Environmental Document. Due to the location of the proposed bridge widening over Alamo Pintado Creek, the work required for the environmental document is extensive. This years funding request is for

continuing with preliminary engineering work and completing the environmental document.
Completion of the environmental document and approval by Caltrans will allow the City to move forward with construction documents (plans and specifications).

4. Please describe, in detail, the impacts associated with the Tribal casino and/or gaming which the grant or project is designed to mitigate: (please include historical data, if available. Attach additional sheets if necessary to provide a detailed description of impacts).

The success of the Chumash Casino has brought increased traffic to State Route 246. This has resulted in a deterioration of the operational Level of Service for the intersection of Highway 246/Alamo Pintado Road in the City of Solvang. This results in delays to the citizens of Solvang and the casino patrons traveling through Solvang to get to the casino.

Grant Application FY 2010-11 – Funds to be distributed in FY 2010-11
\$1,469,883.96 Available to Award

To be considered for funding by the Indian Gaming Community Benefit Committee, the applying jurisdiction must be an eligible jurisdiction pursuant to Assembly Bill 158, and meet all the requirements as identified by the Santa Ynez Band of Chumash Indians and the Indian Gaming Community Benefit Committee. The Santa Ynez Band of Chumash Indians will forward applications and a list of sponsored applications to the Committee.

1. Name of Jurisdiction: Santa Barbara County Fire Department
Pursuant to AB 158, jurisdiction is defined as a City, County or Special District
 - a. Please indicate by checking the appropriate box the type of local jurisdiction:
 - City
 - County
 - Special District – "Special District" means an agency of the State, formed pursuant to general law or special act, for the local performance of governmental or proprietary functions within limited boundaries.
 - b. If you checked Special District, please provide evidence by indicating the general law or special act (California Code Section) that establishes your status as a Special District:

2. Mailing address of Jurisdiction: 4410 Cathedral Oaks Rd.
Santa Barbara, CA 93110
3. Purpose of Grant / Description of Project:
Fund a Firefighter/Paramedic post position (3 FTE's) at Station 32 in Santa Ynez adjacent to the Chumash Casino.
4. Please describe, in detail, the impacts associated with the Tribal casino and/or gaming which the grant or project is designed to mitigate: (please include historical data, if available. Attach additional sheets if necessary to provide a detailed description of impacts).
The County Fire Department has received funding for a firefighter/paramedic post position since 2002. Prior to this contribution, staffing at the Santa Ynez Fire Station #32 was limited to three

persons. Since the Chumash have been proactive in addressing impacts to the community, the staffing has increased to four persons. This fourth person has been a firefighter/paramedic.

The decision to fund a 24/7 firefighter/paramedic has been very sound. Originally, the Fire Department and the tribe recognized that the impact of the casino would increase the number of responses by approximately 25%. The statistics bear this out. By increasing the staffing 25% and the inclusion of a paramedic, the community in the Santa Ynez Valley has benefited directly and the increased responses to the casino have been addressed.

The firefighter/paramedic at Fire Station 32 has a direct bearing on the safety of the patrons and visitors to the area and the safety of our firefighters. In addition, this staffing augmentation allows the firefighters to more readily confine and extinguish fires in the region and enhances our ability to mitigate all types of emergencies. Hopefully, the benefit committee will continue to support this mutually beneficial position through the grant process and continue this important partnership with public safety.

8. What is the grant or project time frame?

For the past eight years, through the generosity of the Chumash Tribe, a firefighter/paramedic has been added to the fire station adjacent to the Casino. This fourth person at the neighboring fire station allows firefighters to perform multiple tasks at structure fires such as Search and Rescue, Ventilation, and Suppression. The fact that this person is a paramedic also efficiently directly increases safety throughout the Valley and assists the needs of the patrons of the Casino. The understanding reached between the Fire Department and the Tribe limited the cost to actual salaries and benefits. It has been understood that no overhead costs were included. The Fire Department is responsible for training, logistical support, administrative costs, etc.

It is the hope of the Fire Department that this staffing augmentation will be on-going and supported by the grant process because it has a direct bearing on the quality of life for the community. The Fire Department will continue to acknowledge this benefit to the community and the support of the Chumash people. Likewise, the Fire Department will be creative in recognizing the Chumash and open to displaying appropriate signage, etc., which demonstrates this on-going support for public safety.

PROJECT DESCRIPTION ATTACHMENT A

The purpose of the Grant Application to the Indian Gaming Community Benefit Committee is to request the funding necessary to provide for continued Law Enforcement coverage on a 24 hour a day/7 day a week basis.

This application is a continuation of the multi-year grant that covered 2005 to 2009. This grant will provide for continued funding of the additional five plus (5.09) full-time Sheriff's Deputies. The additional Law Enforcement coverage applied for under this grant application covers the time frame from July 1, 2010, and ends on June 30, 2011.

Continued Funding of Five (5) Deputy Sheriff Positions is \$675,000

The funding for five (5) Sheriff's Deputy positions will continue the enhancement of service levels provided in the geographical area commonly described as the Santa Ynez Valley. Within the area commonly described as the Santa Ynez Valley, there are several communities under the Law Enforcement jurisdiction of the Santa Barbara County Sheriff's Department. These communities include the Santa Ynez Band of Chumash Indians' Reservation and the surrounding unincorporated area of Santa Barbara County, including Santa Ynez, Ballard, and Los Olivos. The project proposed does not impact the service levels provided to the two incorporated cities of Solvang and Buellton. The Law Enforcement service levels to the two cities are by contracts with the Santa Barbara County Sheriff's Department.

The resources allotted by this grant will be deployed specifically to the areas of the Santa Ynez Band of Chumash Indians' Reservation and the townships of Santa Ynez, Ballard, and Los Olivos. The Sheriff's Department would deploy the existing and augmented Law Enforcement resources in a manner that best targets crime trends and enhances public safety.

The goal in deploying the additional Law Enforcement resources has been the reduction of crime, increased likelihood of identification and arrest of suspects, and the reduction of fear of crime in the community. The additional five (5) patrol positions will continue to mitigate the impact on the surrounding community by assuring the staffing levels are maintained and augmented in the greater Santa Ynez community while still providing increased service to the Tribal Casino and Resort and the immediate surrounding areas.

The cost for these positions for FY 10/11 is \$675,000, which includes salaries and benefits, workers' compensation and liability insurance.

IMPACTS ASSOCIATED WITH THE TRIBAL CASINO AND/OR GAMING ATTACHMENT B

Within the area commonly described as the Santa Ynez Valley, there are several communities under the Law Enforcement jurisdiction of the Santa Barbara County Sheriff's Department. These communities include the Santa Ynez Band of Chumash Indians' Reservation, the surrounding unincorporated area of Santa Barbara County, and the Cities of Solvang and Buellton. A tribal casino is operated on the Santa Ynez Band of Chumash Indians' Reservation. The County of Santa Barbara meets all four (4) nexus test criteria.

With the growth in popularity of tribal gaming over the years, the enlargement of the tribal casino on the Santa Ynez Band of Chumash Indians' Reservation, and the addition of the resort complex, the total number of daily visitors to the area has increased over the years. With the increased number of visitors comes an increase in the calls for service and reports at both the tribal casino and in the surrounding communities.

The Casino was able to provide data regarding the pedestrian traffic on the Casino gaming floor for the years 2005-2008. The pedestrian counter device (Object Video) was not operational for several months during the 2009 and 2010 years, thus was unable to provide full data for those years. *(It should be noted that the counter device has an approximated variance of 2-3%, due to situations requiring some employees to pass by the counting device.)*

The data provided reflects an average of **2,928,064 pedestrians/visitors per year** from 2005 to 2008; refer to graph below.

As the primary Law Enforcement agency for the Santa Ynez Band of Chumash Indians' Reservation and the townships of Santa Ynez, Ballard, and Los Olivos, and the areas surrounding the reservation on all four sides, the Santa Barbara County Sheriff's Department has been impacted.

The total calls for service in the entire community, which includes the Santa Ynez Band of Chumash Indians' Reservation/Casino and the townships of Santa Ynez, Ballard, Los Olivos, and the remainder of the Santa Ynez Valley also increased. In 2006 there were 5651 total calls for service. In 2010 there were 5808 total calls for service. This was an increase of 3% from 2006 data.

However, calls for service are only one of many factors to review when looking at the impact. Crime investigations are written on formal reports as are other significant events to which Sheriff's personnel respond. The reports for the area including both the Santa Ynez Band of Chumash Indians' Reservation/Casino and the surrounding unincorporated areas of Santa Barbara County have continued to show an increase over the years. The below graph reflects both criminal and non-criminal reports.

In 2006 there were 956 total reports. In 2010 there were 1039 reports. This is an increase of 8%.
