Data, Gaps, and Needs

Demand
Assessment data through the Coordinated Entry System highlights how many people currently need assistance by intensity. Data is not reflective of all people experiencing homelessness.

Resources
Important to note that most of the resources are at capacity, interventions such as RRH and PSH voucher need a physical unit in the community, regional differences in resources, and resources may be population specific.
Homelessness is a crisis and we must respond as such

Need to have a HousingFocused oriented response system

Goal is to ensure homelessness is rare, brief, and non-recurring
Review of Phase 1 Plan Goals

1. Increase Access to Safe, Affordable Housing
2. Use Best Practices to Deliver Tailored Supportive Services to Meet Individual Needs
3. Build a Collective Action Plan; Improve Data Sharing
4. Strengthen Support System Available to Help Residents Obtain and Maintain Housing
5. Build Provider Capacity to Address the Needs to Specific Populations
Phase 1 detail

- **Increase Access to Safe, Affordable Housing**
  - Increase supply of affordable housing; Additional housing subsidies; Increase available funding for housing and services; Expand shelter system and create low-barrier options; Build partnerships with landlords and property managers.

- **Use Best Practices**
  - Implement Housing First; Engage in Harm Reduction; Provide Trauma-Informed Care; Expand supportive services; Connect people to ‘mainstream’ services.

- **Build a Collective Action Plan; Improve Data Sharing**
  - Craft a collective response; Improve data collection; Implement open HMIS; Improve data sharing with medical and behavioral health care providers.

- **Strengthen Support System Available to Help Residents Obtain and Maintain Housing**
  - Improve prevention and diversion; Create flexible funding source administered through CES; Reach out to the hard-to-reach.

- **Build Provider Capacity to Address Needs of Specific Populations**
  - Domestic Violence survivors; Families with children; Those living in vehicles; Veterans; Youth; Those with serious mental health needs; Children with serious emotional disturbance.
1. Moving from planning to action
2. County has contracted with LeSar Development Consultants to assist in creating Phase 2 Plan
3. 3 day site visit to gather input from key groups and stakeholders
4. Develop an operational work plan with specific steps, responsible parties, and funding needed
Who else are we gathering input from?

- Santa Barbara, Santa Maria, Lompoc
- Elected officials
- Service providers
- Law enforcement
- Faith-based communities
- People with lived experience
- Business community
- Public agencies
- Etc.
Time for YOUR input!

Guided Discussion
Guiding Questions

- What do you believe are challenges for people with very low incomes to access housing?

- What are challenges for those experiencing homelessness?

- What has been successful?
Guiding Questions

• What role do you see a group like this playing in implementing a broad community plan to address homelessness?

• Whose voice is not represented today that you think should be represented?
Closing Remarks

1. Summary
2. Next Steps
Next steps

• Aggregate and summarize stakeholder input
• Cross-reference with current plan
• Identify opportunities for policy and program updates
• Set community goals
New State Funding Update
Quick overview of Permanent Local Housing Allocation (PLHA) Funding and Update

- Increase the supply of housing for households at or below 60% of area median income
- Increase assistance to affordable owner-occupied workforce housing
- Assist persons experiencing or at risk of homelessness
- Facilitate housing affordability, particularly for lower- and moderate-income households
- Promote projects and programs to meet the local government’s unmet share of regional housing needs allocation
- Ensure geographic equity in the distribution of the funds

Your input and questions
New State Funding: HHAP

• Quick overview of HHAP & Update
  • One-time block grant established in 2019-20 Budget
  • Provides local jurisdictions with funds to support regional coordination and expand or develop local capacity to address their immediate homelessness challenges
  • Funding available to continuums, cities and counties
  • Requires a demonstration how they have coordinated with other jurisdictions to identify their share of the regional need to address homelessness, and how the requested funds will help meet the jurisdiction’s share of that need
  • Mandate that at least 8% of the allocation MUST be used to establish or expand programs to meet the needs of youth experiencing homelessness
  • Does not require a crisis shelter declaration to be a direct recipient of HHAP funds

• Your input and questions
Thank You!
