Subject: Annexation

Dear Supervisor Farr,

It would be totally wrong for the request of annexation of Camp 4 by the Chumash to be allowed. We have a lovely lush valley and it is beautiful with open land still existing. To allow the annexation is wrong, wrong, wrong! The people who live here so not want it.

The Chumash have not been forthcoming or open as to how they would use the land. Their cover story is to build housing for their tribe. Really? Over 1400 acres for housing of 143 members?

All of the smooth talking and the articles written by their lawyers do not make it palatable. They won't say but if this annexation is allowed, you can bet your last penny that there will be added gambling facilities. The band is rich now. Enough of this! Do not let this go through as a done deal. Please!

Sincerely,
Emalou Bailey
