Subject: Ad Hoc Subcommittee

Dear Supervisors Farr and Adams<

I appreciate the time you are devoting to this effort and wish I could attend all the meetings but business travel prevails. I would like to request the following based upon the term sheet proposal and responses:

1. The Board should not offer to assist in the Fee to Trust nor violate the Williamson Act.
2. On 4C. Any agreed upon setbacks should include at least 2000 feet from the eastern property line so as not to infringe upon the property owners on Linda Vista, where I live. There should also be a provision for setbacks on ridge lines.

Overall I am opposed to the fee to trust especially for a parcel of this size which far exceeds their stated housing needs.

Thank you for your consideration.

Bill Krauch
