Subject: Documentation of the SUD Diagnosis in ShareCare
CC: Fiscal, IT

This memo is intended to clarify what steps need to be taken when documenting the SUD Diagnosis in ShareCare. Please reference the following:

1. Upon intake, complete a new admission in ShareCare for the treatment episode at the corresponding facility/program; leave the diagnosis blank.
2. Counselors/LPHA's shall then complete all required intake paperwork in ADP-Clinician's Gateway (ADP-CG).
3. Counselors/LPHA's shall complete the ODS Comprehensive Assessment with the client and document in ADP-CG.
4. LPHA shall determine the SUD diagnosis based on the ODS Comprehensive Assessment following a face-to-face meeting with either the counselor or client.
5. LPHA shall document the SUD diagnosis and the basis for the diagnosis on the ODS Medical Necessity Form.
6. LPHA shall notify ShareCare data entry staff that a diagnosis has been assigned.
7. ShareCare data entry staff shall enter the corresponding diagnosis for the associated admission.
 - a. The "Begin Date" of the diagnosis must be the admission date.
 - b. The "Diagnosis By" field shall be the LPHA who completed the ODS Medical Necessity Form.

8. For clients transitioning between levels of care, please reference the ODS Medical Necessity Form associated with the admission to the corresponding DMC-ODS Treatment Facility.
9. Any change in diagnosis must first be documented by the LPHA on the ODS Medical Necessity Form or ODS Justification to Continue Tx Form in ADP-CG. The diagnosis must then be updated in ShareCare by adding an "End Date" to the existing SUD diagnosis and adding a new SUD diagnosis which corresponds with the DMC-ODS Medical Necessity Form or ODS Justification to Continue Tx Form as applicable.

Important- Please note that services cannot be successfully reimbursed through DMC-ODS without an allowable SUD Diagnosis (see attached SUD Services ICD-10 Included Codes List). It is recommended that each of the above steps be completed as soon as possible following the client admission to treatment and no later than the timeframes mandated for each corresponding level of care.
