Request/Question:

Performance Measure – Average “Acute” Inpatient length of stay 7 days: What is the overall average length of stay?

The table below contains average lengths of acute and non-acute stays at the Psychiatric Hospital and Aurora Vista Del Mar. The average lengths of stay in the table below includes completed stays from admission to discharge.

Please note that the acute and non-acute average stays will not sum up to the overall average length of stays at the PHF because it is common for one client to have portions of his or her stay be both acute and non-acute.

Also, please note that all days at AVDM are considered acute bed days, and are therefore not broken out in that manner.

	FY 13/14 Actual	FY 14/15 Actual	FY 15/16 Actual	FY 16/17 Q1
Psychiatric Health Facility (PHF)				
Average Acute Stay	10	10	6	6
Average Non-Acute Stay	6	11	10	8
<i>Overall Average Length of Stay</i>	13	17	13	14
Aurora Vista Del Mar (AVDM)				
<i>Overall Average Length of Stay</i>	8	8	8	8
