**COUNTY OF SANTA BARBARA**

February 8, 2021

The Honorable Susan Talamantes Eggman  
 Chair, Senate Budget and Fiscal Review  
 Subcommittee #3  
 State Capitol, Room 4052  
 Sacramento, CA 95814

The Honorable Joaquin Arambula, M.D.  
 Chair, Assembly Budget Subcommittee #1  
 State Capitol, Room 5155  
 Sacramento, CA 95814

**Re: Support for IHSS Collective Bargaining Budget Proposal**

Dear Senator Talamantes Eggman and Assembly Member Arambula:

I am writing on behalf of the Santa Barbara County Board of Supervisors in strong support of the county and union coalition In-Home Supportive Services (IHSS) collective bargaining budget proposal. The budget proposal cosponsored by CSAC, CAPA, CWDA, UCC, RCC, UDW/AFSCME Local 3930, and SEIU California would maintain the current fiscal tools that are essential in local bargaining to reach agreement for IHSS wages and benefits increases.

**Existing Collective Bargaining Funding Mechanisms**

Under current law, counties and the state share the nonfederal cost for locally negotiated increases to wages and health benefits for IHSS providers. Counties are responsible for 35 percent of the nonfederal share and the state participates in 65 percent of the nonfederal share of cost for increases up to the state participation cap, which is set at \$1.10 above the state minimum wage. For increases above that amount, the county is responsible for 100 percent of the nonfederal share. However, there is a tool available, referred to as the ten percent over three years tool, that allows the county to receive state participation above the state participation cap. With this tool, the state will participate above the state participation cap at the 65 percent share of cost in a cumulative total of up to a ten percent increase in the sum of the combined total of changes in wages or health benefits, or both, over a three-year period.

The current sharing ratio and ten percent over three years tool, combined with the wage supplement tool and the new county IHSS Maintenance of Effort (MOE), have resulted in an increased number of collective bargaining agreements being reached. In the first 18 months of the new IHSS MOE that was enacted on July 1, 2019, county Public Authorities and provider unions have reached 24 new agreements, bringing the total to 45 counties that have increased IHSS provider wages since 2017.

### **Upcoming Changes**

On January 1, 2022, current law will alter two of these funding mechanisms in a manner that will make it more difficult to make progress on IHSS collective bargaining. First, the historic sharing ratio will flip, with the county becoming responsible for 65 percent of the nonfederal share and the state covering 35 percent of the nonfederal share. Second, the ten percent over three years tool is no longer available, as current law indicates that any use of this tool must begin prior to January 1, 2022.

### **Continuity of IHSS Collective Bargaining Funding Mechanisms Budget Proposal**

The coalition budget proposal contains two elements that will continue the current environment that has led to an increased number of agreements. First, it proposes to eliminate the language in statute that would change the sharing ratio on January 1, 2022. The sharing ratio for local wage and benefit increases would instead remain at the current 35 percent county/65 percent state breakdown up to the state participation cap. Second, the ten percent over three years tool would be extended. There are limitations in statute that require the use of this tool to begin prior to January 1, 2022 and for a county to only be able to use the tool for two three-year periods. The proposal would continue the use of this tool beyond January 1, 2022 and allow a county to utilize the tool more than two times.

Our county is concerned about potential negative impacts on IHSS collective bargaining as the county costs for any future wage and benefit increases would nearly double without this proposal. Maintaining the existing funding mechanisms is the best way to sustain progress on IHSS collective bargaining.

The Board of Supervisors adopted a 2021 Legislative Platform that includes the Fiscal Stability Principle, which states that the County will support efforts to generate new intergovernmental revenue and/or enhance existing revenue/reimbursement levels and oppose the loss of, or redirecting of, existing revenue and/or the creation of additional unfunded mandates to the County.

For these reasons, the County of Santa Barbara Board of Supervisors requests your support for the continuity of IHSS collective bargaining funding mechanisms budget proposal. If you have questions about the Board's position, please contact the County's Legislative Coordinator, Nancy Anderson at 805-568-3403 or [NAnderson@countyofsb.org](mailto:NAnderson@countyofsb.org). Thank you for your consideration.

Sincerely,

Cliff Berg
