Project PetSafe Holds Low-cost Vaccination Clinic in Solvang

In an effort to promote responsible ownership, Santa Barbara County residents are invited to bring their dog(s) to Santa Barbara County Animal Services’ Project PetSafe Licensing Clinic on Saturday, May 21, 2016, 9 a.m. to 12 p.m., at Solvang Park in Solvang.

Project PetSafe encourages Santa Barbara County residents to be responsible pet owners. Being a responsible pet owner entails keeping your dogs’ license current and vaccinations up to date. For many dog owners, dogs are cherished and loved members of the family, so it is important they are free from diseases and wearing their Santa Barbara County Animal License Tag. When dogs are licensed and wearing the animal license tag, they can be quickly reunited with their families.

The Solvang Licensing Clinic provides:

- Affordable vaccinations:
  - Rabies $6
  - DHPP $14
  - Bordetella $14
  - FVRCP $14
- Microchipping - $30 for licensed dogs
- Information about affordable spay and neuter services
- Santa Barbara County Dog Licenses
  - A current rabies certificate and written proof that the dog is spayed or neutered are required to obtain an altered dog license. A rabies certificate and a Veterinary Certificate signed by a licensed veterinarian are required to obtain an unaltered dog license.
  - All dogs must be on leash and cats in carriers. No appointments needed.
  - Cash (no bills over $50) and checks accepted, no debit/credit cards

Project PetSafe is committed to bringing affordable vaccinations, spay/neuter services and licenses to your community. Remember it is your responsibility as a Responsible Pet Owner to keep your license current. A license is your pet’s ticket home.

For more information, contact Santa Barbara County Animal Services, Project PetSafe Team, at 805-934-6968.
