10) EXPERIENCE: Please explain why you are interested in serving and what experience you bring to the Commission.

The ability to serve one's community has always been a major message of mine to my students. Over the past twenty years, I believe that one of my roles as a Social Studies teacher is to lead by example. I have tried to model proper behavior, the ability to listen to differing opinions, to seek out others' perspectives, and to be able to build consensus. This commission would be an opportunity to 'put my money where my mouth is'. If I truly want to show my students how they can make an impact in their community, then this is a great way of demonstrating it for them.

I have been a teacher and coach in this community for over twenty years. I have raised my family in this community. I want to be able to do my part to help ensure that all the groups that make this such a diverse and vibrant place to live feel that they are heard and represented in their government. Too often, people feel that government is 'someone else's responsibility'. This kind of disenfranchised thinking only leads to a disconnect between the people and the government. This is the antithesis of what our government is founded upon. We need more connections, more relationships, more voices, not fewer.

I feel that this commission would be a great way to serve my community, I know that I have the ability and awareness to help redraw the lines of our County Supervisorial Districts. This can lead to more profound and long lasting relationships, and those are the ties that can create a better future for our community.
