10. EXPERIENCE: Please explain why you are interested in serving and what experience you bring to the Commission. Attach an additional page if necessary.

I am and represent the current and next generation of residents here in Santa Barbara county. As a born and raised Santa Barbara county resident for the past 37 years of my life I believe I have a great grasp and respect for the past history and evolving landscape of where this county and growth are headed.

Currently, I am a business owner, doctor of chiropractic, and entrepreneur who lives and works full time in the Santa Maria valley. I have been married for over 10 years and have two wonderful children (ages 10 and 8).

I graduated from St. Joseph High school in the year 2000 and went to San Jose State on an athletic scholarship. I spent 10 years living in the SF Bay Area where I not only played football but graduated with a double major and completed chiropractic college at the prestigious Palmer College of chiropractic.

While in professional school I held committee offices in the sports medicine club, founded a triathlon club, and was the president of our campus guides. I was chosen by our faculty as the student of the year for my graduating class and was the youngest graduate to have ever been asked to come back and lecture to current students in the area of business and marketing.

Upon returning to the central coast just over 10 years ago I quickly discovered the area and demographics which I left just after high school had quickly evolved. Some changes to the local industries, housing, and socioeconomic environments I perceived as good, while others I could sense created division in the surrounding community. One reason I would like to serve on this committee is to help bring equality for all persons throughout our county and to best provide the resources and energy to serve each of these demographics appropriately.

While living back here in Santa Maria since 2009, I have served on multiple committees in our local high schools, been active in multiple community groups, and have coached local sports at every level from tee-ball to college football athletes.

In my practice, we serve over 1,000 patients per month and I feel like I bring a balanced perspective to all sides of every discussion. My time in the bay area has progressed my perspective to allow me to be more open-minded to every situation, however, I still hold respect for those who have paved the way prior.

Furthermore, the reason I want to be a part of this committee is to help mold the foundation for the next generation of central coast residents. I see my parents, children, and future grandchildren living in this community for years to come and it is my goal to leave this world a better place than when I came in.

I am not a politician by any means or manner but hope to provide context and consideration to all as we continue to evolve our county.

I hope you would consider me for a position on this esteemed committee.
