ORDINANCE AMENDING FEES FOR
ENVIRONMENTAL HEALTH SERVICES SITE MITIGATION

An ordinance of the County of Santa Barbara amending the existing Site Mitigation Fee Schedule to adjust for increased costs of doing business.

WHEREAS, Section 101480(b) of the California Health and Safety Code states that "Whenever a release of waste occurs and site remediation is required, the responsible party for the release may request the local Health Officer to supervise the remedial action"; and

WHEREAS, Chapter 18, Article VII of the Santa Barbara County Code authorizes the Health Officer to direct and supervise the development and implementation of a contamination cleanup plan upon determination that groundwater contamination at a hazardous waste facility exceeds background levels; and

WHEREAS, the local Health Officer may agree to this supervision if he/she has determined that adequate resources and requisite technical expertise and capabilities are available; and

WHEREAS, subsequent to supervision, and after determination that the required actions and a permanent remedy for the release has been achieved, the local Health Officer may provide the responsible party with certification that the cleanup goals were accomplished; and

WHEREAS, Section 101490 of the California Health and Safety code states that a local Health Officer may charge the responsible party a fee to recover the reasonable and necessary costs incurred in carrying out this article; and

WHEREAS, the present fees for supervision of site mitigation have remained unchanged since the adoption of Ordinance 4819, effective January 13, 2012, which was codified at County Code Chapter 15, Article V, Section 104; and

WHEREAS, County Code Chapter 15, Article V, Section 104 is being repealed by separate ordinance; and

WHEREAS, California Health and Safety Code §101325 provide that the Board of Supervisors may adopt an ordinance or resolution prescribing fees to pay the reasonable expenses of the Health Officer incurred in the enforcement of any statute or regulation relating to public health; and

WHEREAS, the Board of Supervisors finds that the fees set forth in this ordinance are exempt from the California Environmental Quality Act (CEQA) review pursuant to 14 CCR 15273 and Public Resources Code §21080, subd. (b)(8)(A) and (B), in that the fees will be used for operating expenses and for the purchase of supplies, equipment and materials; and

WHEREAS, the County of Santa Barbara has, in connection with the above fees, held a public hearing as part of a regularly scheduled meeting and published notice of the meeting, including a general description of the matter to be considered, in accordance with Government Code § 6062a; and

WHEREAS, the fees may be revised as needed by the Santa Barbara County Board of Supervisors, and if the revision does not occur, the existing fees shall remain in effect.
