EMS Week 2021

This year we celebrate EMS week in the midst of an ongoing global pandemic. The theme for 2021 is, "Caring for our Communities," which exemplifies exactly what EMS providers do. Everyone was forced to face this pandemic, but EMS providers were tasked with meeting it head on, and immediately rose to the occasion. You risked your health and safety, and that of your families, to join in the effort. You have all played a pivotal role in helping the community weather this terrible event. EMS has assisted with testing and vaccinations, provided care in stationary settings, transported COVID patients, and provided medical assessments in homeless shelters, all while continuing to provide outstanding prehospital care to the residents of Santa Barbara County. Thank you for being there for us and demonstrating so valiantly your dedication to our community. Please thank your families for us as well.

From the bottom of our hearts, thank you for your unwavering dedication, resilience, and compassion.
