Healthcare Partner/EMS Provider Coordination Conference Call

COVID-19

June 4, 2020
8:30 – 9:30 am all facilities/agencies
9:30 -10 am SNF/LTC
Purpose of Partner Conference Call

• Assure and coordinate situational awareness between partners and PHD/EMSA
• Share best practices to prevent spread of COVID-19
• Discuss and confirm guidance to assure health care worker and patient safety
• Identify resource shortages and determine solutions
• Promote coordinated and efficient response to protect the community
Agenda

I. Situation Update
II. Updated Guidance
III. Resources, Supply Chain & Request Process
IV. Questions? Additional Issues?
V. SNF & Long Term Care 9:30 – 10:00 am

Community-Based Testing Sites

• Locations:
  • Santa Maria Fairpark
  • Santa Barbara- Earl Warren
  • Solvang- Veterans Memorial Hall on Friday!
• Can test approx. 130 at each site each day
• PCR test not serology
• Potentially with us into July
• Open 5 days a week from 7 am- 7 pm. Days and times for appointments will be adjusted based on community needs
  • https://lhi.care/covidtesting
  • 888-634-1123
• FAQs can be found on webpage: https://publichealthsbc.org/testing/
Health Officer Order 2020-11

Visitor Restrictions

• Effective May 31st at 5 pm continuing until June 30th

• SNFs: No changes- may authorize necessary visitation (urgent health, legal or other issues that cannot wait) on a case-by-case basis at the discretion of the facility administrator.

• Ombudsman is an authorized visitor and may make essential visits and must still follow all conditions of visitation imposed by the facility and should try to avoid non-essential visits.

1. This Order is effective 5:00 p.m. (PDT) May 31, 2020 and continuing until 5:00 p.m. (PDT), on June 30, 2020 or until it is extended, rescinded, superseded, or amended in writing by the County of Santa Barbara Health Officer ("Health Officer"). This Order applies in the incorporated and unincorporated areas of Santa Barbara County ("County").

2. Effective as of the date of this Order, the staff of each hospital, and types of licensed residential facilities listed in Section 7 below (each defined as a "Residential Facility") shall exclude from entry or access to its Premises any Visitors and Non-Essential Personnel including, but not limited to, visitors of residents at the Hospital or Residential Facility. Such Visitors and Non-Essential Personnel, including but not limited to family members of residents and authorized decision-makers, are hereby ordered not to visit any Hospital or Residential Facility except as permitted by this Order. This visitation restriction has limited exceptions described below.

3. Each Hospital or Residential Facility must discourage Non-Essential Resident Movement, as defined in Section 6 below, onto and off of Hospital or Residential Facility Premises where feasible.

4. This Order restricts physical contact between Hospital or Residential Facility residents and Visitors and Non-Essential Personnel. When Visitors and Non-Essential Personnel visit a Residential Facility, they shall observe all of the conditions of visitation imposed by the facility and the conditions of this Order.
Visitor Restrictions Cont.

- **Hospitals including General Acute Care and Psychiatric Health Facilities:**
  - One unique designated visitor per patient is allowed for the length of the patients stay. Visitor is not allowed to stay overnight.
  - Pediatric & Obstetrics Patients- two unique designated visitors per pediatric or obstetrical patient are allowed at the hospital for the length of the patients stay. One visitor present at a time and they may be allowed to stay overnight.
  - All visitors must be screened for temperature and symptoms prior to entering facility and wear procedural facemask.
Visitor Restrictions Cont.

- **ICFs, RCFEs, ARFs, & Hospice Facilities**:  
  - Two unique designated visitors may be allowed per resident and may be implemented at the facility administrator’s discretion and as feasible at the facility.
  - Visits must occur in an outdoor area and all persons must maintain a 6-foot distance and wear a cloth face cover.
  - Visitors may not enter the facility and must be screened for temperature and symptoms prior to visitation.
Health Officer Order 2020-6.2
Screening & Temperature Checks

1. **This Order 2020-6.2 is effective 5:00 p.m. (PDT) May 31, 2020** and continuing until 5:00 p.m. (PDT), on June 30, 2020 or until it is extended, rescinded, superseded, or amended in writing by the County of Santa Barbara Health Officer ("Health Officer"). This Order applies in the incorporated and unincorporated areas of Santa Barbara County ("County").

2. **Temperature screening.** All individuals entering the Licensed Facilities or Other Agencies, listed in Attachment A, such as hospitals, skilled nursing facilities, long term care facilities, hospice facilities, home health agencies, EMS providers, home care organizations, and dialysis providers submit to a temperature screening, by the least intrusive means as possible, prior to entering these locations or commencing services in the community.

3. **Self-Evaluation.** All individuals prior to entering, or provide services in the community, for the Licensed Facilities or Other Agencies, listed in Attachment A, are to self-evaluate for mild to moderate Symptoms related to COVID-19 or other respiratory illness, including sore throat, runny nose, fever, chills, not feeling well.

4. **Prohibition of Entry.** No individual shall enter, or provide services in the community, for a Licensed Facility or Other Agency, listed in Attachment A, if a temperature screening of the individual is 100.0° F or 37.8° C or greater, or subjective fever; or if through the self-evaluation described in Attachment B the individual identifies he or she has Symptoms.

Health Officer Order 2020-10- Face Coverings

- Effective May 26, 2020 at 5pm to June 30, 2020 5pm
- Any mask incorporating a one-way valve that is designed to facilitate easy exhaling does not comply with the order because the valve permits respiratory droplets to easily escape which places others at risk

https://countyofsb.org/uploadedFiles/phd/PROGRAMS/Disease_Control/Corona/Health%20Officer%20Order%202020-10.pdf
DON'T expose your nose

DON'T expose your chin

DON'T wear loose masks

DON'T touch the outside of the mask

DON'T leave mask on chin

DO wear mask to cover chin and past tip of nose

**Table 3. Stage Transition table for Individuals, businesses and organizations.**

Reopening Cont.

BEFORE REOPENING ALL FACILITIES MUST

1. Perform a detailed risk assessment and implement a site-specific COVID-19 protection plan
2. Train employees on how to limit the spread of COVID-19, including how to screen themselves for symptoms and stay home if they have them
3. Implement individual control measures and screenings
4. Implement disinfecting protocols
5. Implement physical distancing guidelines

HERE IS HOW TO RISE

1. Begin by reviewing the guidance published by the State of California and the County of Santa Barbara.
2. Upon reviewing the guidance, perform a detailed risk assessment in accordance with the state guidelines for your industry and prepare a COVID-19 protection plan based on the guidance.
3. Implement a site-specific COVID-19 protection plan. This must be kept on site and readily available
4. Review your industry specific guidance and complete your industry specific checklist (see below).
5. Complete the attestation by completing this form.
6. Post the industry specific checklist and the attestation at your business to show your customers and employees you have reduced the risk and are open for business.
7. Upon completing your attestation, an official from your local jurisdiction (city or county) may conduct a site visit. Business should consult their jurisdiction to determine additional code requirements for their specific industry.

https://recoverysbc.org/reopen-your-business/
Completing the Attestation Form

BUSINESSES THAT ARE ALREADY OPEN UNDER THE PREVIOUS ORDERS
If you are a business that is already permitted to be open and in operation you are asked to confirm that you have met guidance set forth by the State of California and the Santa Barbara County Health Officer for your industry by completing an industry site specific COVID-19 protection plan, checklist and attestation by June 5, 2020.

- There is not a section for healthcare
- We have asked about this multiple times and are still waiting for information
- At this point we suggest you complete an attestation for office workspaces
- Complete Dine-in Restaurant for congregate dining in facilities
- Complete hair salon if your facility has a hair salon on campus
- We have the prevention plans for the three above in excel to make easier to complete

Resource Request Process

http://www.countyofsb.org/phd/epp/forms.sbc

Situation Report Forms for Healthcare Partners

Situation Report Forms

All Updated 3/24/20 for the use during COVID-19 response.

We ask that all facilities/agencies complete a situation report weekly or whenever you need to submit a resource request.

Outpatient Provider Situation Report Forms:
- Dental Center Situation Report
- CRIC (HCOS, FHCOS, CHCS), Urgent Care, Private Practice Situation Report
- Ambulatory Surgery Center Situation Report
- Home Health & Hospice Agency Situation Report
- Other Provider Situation Report

Inpatient Provider Situation Report Forms:
- Hospital Situation Report
- Skilled Nursing Facility/ICF Situation Report
- Non-Medical Situation Report Form:
  - Non-Medical Situation Report

Resource Request Process

Requests for PPE and other scarce medical resources are going through our Scarce Medical Resource Committee. All organizations wanting to make a resource request will need to complete a situation report. Once the situation report is completed you will be automatically linked to the resource request form. We will not backorder requests or do partial fills for requests. Organizations will need to submit a new request if they do not receive all the supplies that they need.

- Must complete situation report weekly and whenever you do a resource request
- Access resource request form is in sit rep
- Different situation reports based on your facility or agency type
- If you have questions about which one to fill out let us know!
Requesting N-95 Fit Testing Kits

• PHD has 8 fit testing kits to loan
• Facility/agency can request up to 2 kits
• To request: https://app.smartsheet.com/b/form/386bce37fa7b4e21a5c11af7948fdb50
SNF & Long Term Care – 9:30- 10:00am

Items for discussion:
• Health Officer Order- Visitation Restrictions
• Salon and Congregate Dining reopening- more info
• FEMA PPE to SNFs
• AFL 20-55- Baseline Testing Reporting (SNFs)
Visitor Restrictions

• Effective May 31st at 5 pm continuing until June 30th

• SNFs: No changes- may authorize necessary visitation (urgent health, legal or other issues that cannot wait) on a case-by-case basis at the discretion of the facility administrator.

• Ombudsman is an authorized visitor and may make essential visits and must still follow all conditions of visitation imposed by the facility and should try to avoid non-essential visits.

1. This Order is effective 5:00 p.m. (PDT) May 31, 2020 and continuing until 5:00 p.m. (PDT), on June 30, 2020 or until it is extended, rescinded, superseded or amended in writing by the County of Santa Barbara Health Officer (“Health Officer”). This Order applies in the incorporated and unincorporated areas of Santa Barbara County (“County”).

2. Effective as of the date of this Order, the staff of each hospital, and types of licensed residential facilities listed in Section 7 below (each defined as a “Residential Facility”) shall exclude from entry or access to its Premises any Visitors and Non-Essential Personnel including, but not limited to, visitors of residents at the Hospital or Residential Facility. Such Visitors and Non-Essential Personnel, including but not limited to family members of residents and authorized decision-makers, are hereby ordered not to visit any Hospital or Residential Facility except as permitted by this Order. This visitation restriction has limited exceptions described below.

3. Each Hospital or Residential Facility must discourage Non-Essential Resident Movement, as defined in Section 6 below, onto and off of Hospital or Residential Facility Premises where feasible.

4. This Order restricts physical contact between Hospital or Residential Facility residents and Visitors and Non-Essential Personnel. When Visitors and Non-Essential

https://countyofsb.org/uploadedFiles/phd/PROGRAMS/Disease_Control/Corona/HOO%202020-11.pdf
Visitor Restrictions Cont.

- **Hospitals including General Acute Care and Psychiatric Health Facilities:**
  - One unique designated visitor per patient is allowed for the length of the patients stay. Visitor is not allowed to stay overnight.
  - Pediatric & Obstetrics Patients- two unique designated visitors per pediatric or obstetrical patient are allowed at the hospital for the length of the patients stay. One visitor present at a time and they may be allowed to stay overnight.
  - All visitors must be screened for temperature and symptoms prior to entering facility and wear procedural facemask.
Visitor Restrictions Cont.

- **ICFs, RCFEs, ARFs, & Hospice Facilities:**
  - Two unique designated visitors may be allowed per resident and may be implemented at the facility administrator’s discretion and as feasible at the facility.
  - Visits must occur in an outdoor area and all persons must maintain a 6-foot distance and wear a cloth face cover.
  - Visitors may not enter the facility and must be screened for temperature and symptoms prior to visitation.
1. This Order 2020-6.2 is effective 5:00 p.m. (PDT) May 31, 2020 and continuing until 5:00 p.m. (PDT), on June 30, 2020 or until it is extended, rescinded, superseded, or amended in writing by the County of Santa Barbara Health Officer ("Health Officer"). This Order applies in the incorporated and unincorporated areas of Santa Barbara County ("County").

2. **Temperature screening.** All individuals entering the Licensed Facilities or Other Agencies, listed in Attachment A, such as hospitals, skilled nursing facilities, long term care facilities, hospice facilities, home health agencies, EMS providers, home care organizations, and dialysis providers submit to a temperature screening, by the least intrusive means as possible, prior to entering these locations or commencing services in the community.

3. **Self-Evaluation.** All individuals prior to entering, or provide services in the community, for the Licensed Facilities or Other Agencies, listed in Attachment A, are to self-evaluate for mild to moderate Symptoms related to COVID-19 or other respiratory illness, including sore throat, runny nose, fever, chills, not feeling well.

4. **Prohibition of Entry.** No individual shall enter, or provide services in the community, for a Licensed Facility or Other Agency, listed in Attachment A, if a temperature screening of the individual is 100.0° F or 37.8° C or greater, or subjective fever; or if through the self-evaluation described in Attachment B the individual identifies he or she has Symptoms.

Reopening

### Santa Barbara County’s R.I.S.E. Guide and the Governor’s Resilience Roadmap

#### Stage 1: Complete
- **Safety and Preparedness**
  - Essential Businesses as previously identified by Health Officer Order
  - Trails and beaches for exercise with mandatory physical distancing and facial coverings strongly encouraged
  - Golf Courses
  - Tennis Courts
  - Restaurants and concession stands are take-out or delivery only

#### Stage 2: Santa Barbara County is Here
- **Lower-risk Workplaces**
  - Destination Retail (with modifications) including:
    - Shopping Malls
    - Swap Meets
    - Antique Stores
    - Clothing Stores
    - Florists
    - Home and Furnishing Stores
    - Jewelry Stores
    - Music Stores
    - Sporting Goods Stores
    - Toy Stores
    - Dine-in restaurants (other amenities, like bars or gaming areas, are not permitted in Stage 1)
    - Hair Salons and Barbers
    - Religious Services limited
  - Additional Guidance for schools forthcoming*

#### Stage 3: Not Open Yet
- **Higher-risk Workplaces**
  - Personal services such as and nail salons, tattoo parlors
  - Gyms and fitness studios
  - Hospitality services, such as bars, wineries, tasting rooms and lounges
  - Entertainment venues, such as movie theaters, gaming, gambling, arcade venues, pro sports, indoor museums, gallery spaces, and zoos
  - Community centers, public pools, playgrounds, and picnic areas
  - Cultural ceremonies
  - Nightclubs
  - Concert venues
  - Live audience sports
  - Festivals
  - Theme parks
  - Hotels/Bed and Breakfast for leisure and tourism

#### Stage 4: Not Open Yet
- End of Stay Home Order
- Reopen areas of highest risk; e.g., concerts, conventions, sports arenas.

Reopening Cont.

BEFORE REOPENING ALL FACILITIES MUST
1. Perform a detailed risk assessment and implement a site-specific COVID-19 protection plan
2. Train employees on how to limit the spread of COVID-19, including how to screen themselves for symptoms and stay home if they have them
3. Implement individual control measures and screenings
4. Implement disinfecting protocols
5. Implement physical distancing guidelines

HERE IS HOW TO RISE
1. Begin by reviewing the guidance published by the State of California and the County of Santa Barbara.
2. Upon reviewing the guidance, perform a detailed risk assessment in accordance with the state guidelines for your industry and prepare a COVID-19 protection plan based on the guidance.
3. Implement a site-specific COVID-19 protection plan. This must be kept on site and readily available
4. Review your industry specific guidance and complete your industry specific checklist (see below).
5. Complete the attestation by completing this form.
6. Post the industry specific checklist and the attestation at your business to show your customers and employees you have reduced the risk and are open for business.
7. Upon completing your attestation, an official from your local jurisdiction (city or county) may conduct a site visit. Business should consult their jurisdiction to determine additional code requirements for their specific industry.

https://recoverysbc.org/reopen-your-business/
Completing the Attestation Form

There is not a section for healthcare
We have asked about this multiple times and are still waiting for information
At this point we suggest you complete an attestation for office workspaces
Complete Dine-in Restaurant for congregate dining in facilities
Complete hair salon if your facility has a hair salon on campus
We have the prevention plans for the three above in excel to make easier to complete

Signage & Infographics

DOWNLOADABLE INFO GRAPHICS AND SIGNAGE FOR COVID-19 HEALTH AND SAFETY

The Santa Barbara County Public Health Department has made health and safety infographics and signage available for businesses seeking to reopen. These PDFs can be downloaded and printed. Signage can be placed in your place of business to alert customers of your efforts to secure the environment while ensuring the health and safety of your staff.

AFL 20-53 Testing Recommendations for SNFs

- Review the resources at the bottom of the AFL!

https://www.cdph.ca.gov/Programs/CHCQ/LCP/Pages/AFL-20-53.aspx
Baseline, Surveillance and Response-driven COVID-19 Testing of SNF Residents and Health Care Personnel (HCP)

**Baseline**
- Any SNF that does not currently have a known positive resident or HCP: conduct baseline testing for all residents and HCP.

**Surveillance**
- Any SNF that does not currently have a known positive resident or HCP: conduct weekly testing of 25% of all HCP including staff from multiple shifts and facility locations. The testing plan should ensure that 100% of facility staff are tested each month.

**Response**
- As soon as possible after one (or more) COVID-19 positive individual (resident or HCP) is identified in a facility, serial retesting of all residents who test negative upon initial testing should be performed weekly until no new cases are identified in two sequential rounds of testing.

Symptomatic
- Actively screen all residents and HCP for COVID-19 symptoms each day and test any resident or HCP who exhibits symptoms consistent with COVID-19.

One (or more) positive resident or HCP identified

One (or more) positive HCP identified

No new cases identified in two sequential rounds of response-driven testing

AFL 20-55- Baseline Testing at SNFs

**All Facilities Letter (AFL) Summary**

This AFL requires SNFs to report the results of COVID-19 baseline testing to the California Department of Public Health (CDPH). Baseline testing is recommended for all residents and healthcare personnel (HCP) for any SNF that does not currently have a positive case.

As a strategy for the SNF mitigation plan, CDPH recommends SNFs perform COVID-19 baseline testing for all residents and HCP in any facility that does not currently have a positive case. Baseline testing is necessary to detect cases quickly, stop transmission, and implement effective infection prevention and control actions. All baseline testing must be completed no later than June 30, 2020. CDPH will also accept results for those facilities that completed their baseline testing in May.

When a facility completes their baseline testing, they must report the following to their respective district office (DO) and CHCQ_PIM@cdph.ca.gov:

- County
- Facility name and facility identification number
- Date(s) of baseline testing
- The name of the lab that completed testing
- Number of HCP in the facility
- Number of HCP tested
- Number of HCP that refused testing
- Number of HCP tested positive
- Number of HCP tested negative
- Number of residents in the facility
- Number of residents tested
- Number of residents that refused testing
- Number of residents tested positive
- Number of residents tested negative

Please include "SNF baseline testing" in the subject line of the email.

For any resident or HCP testing positive for COVID-19, the facility must report to the local health officer immediately by telephone (Title 17 CCR 2500(j)).

For more information on SNF COVID-19 testing recommendations, please refer to AFL 20-53.

If you have any questions about this AFL, please contact your respective DO.
