

P&D GIS Map How-To-Guide Land Use and Zoning Map

The interactive GIS web-based map is available [here](#).

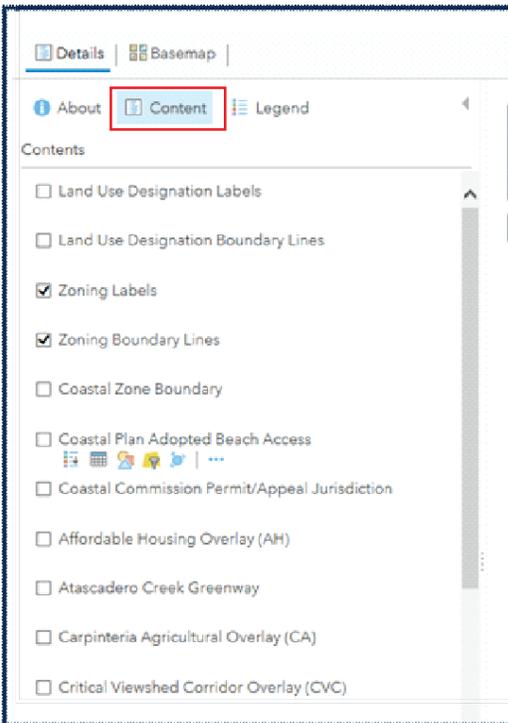

Once you have accessed the map, type in your address in the field on the top right corner and click on the magnifying glass icon, as shown below:

After you click on the magnifying glass, the map will zoom into your address with a flagged tab.

CONTENT LAYER LIST: The map consists of various content layers that can be switched on or off depending on your interest. The content layers are located on the left hand side of your screen.

Check the boxes next to the content layers you would like to see (e.g. Zoning Labels, Zoning Boundary Lines).

**Hint: It is recommended that you only display a few content layers at a time so that the data is easier to view.*

Zoning Labels and Zoning Boundary Lines

The map below shows the Zoning Labels and Zoning Boundary Lines displayed.

Zoning Labels appear in red and Zoning Boundary Lines appear as red dashed lines. Use your mouse scroll to zoom in and out of the map. Alternatively, use the "+" and "-" sign in the upper left hand corner of the map.
