

# Variance

A VARIANCE (VAR) permits a variation from the terms of the zoning ordinance where, due to special circumstances applicable to the property (e.g., size, shape, location, topography, or surroundings), the strict application of the zoning ordinance deprives such property of privileges enjoyed by other property in the vicinity under identical zoning classifications. The Zoning Administrator cannot approve a Variance unless the following findings can be made.

1. Because of special circumstances applicable to the property, including but not limited to size, shape, topography, location or surroundings, the strict application of the zoning ordinance deprives such property of privileges enjoyed by other property in the vicinity and under identical zoning classification.
2. The granting of the variance shall not constitute a grant of special privileges inconsistent with the limitations upon other property in the vicinity and zone in which such property is situated.
3. That the granting of the variance will not be in conflict with the intent and purpose of Article or the adopted Santa Barbara County Comprehensive Plan.

## THIS PACKAGE CONTAINS

- ✓ SUBMITTAL REQUIREMENTS
- ✓ APPLICATION
- ✓ INDEMNIFICATION AGREEMENT

## AND, IF ✓'D, ALSO CONTAINS

AGREEMENT FOR PAYMENT OF PROCESSING FEES

## SUBMITTAL REQUIREMENTS FOR A VARIANCE

### Military Land Use Compatibility Planning Requirements

Is the site located in an area with any military uses/issues?  Yes  No

Please review the website to determine applicability. <http://cmluca.gis.ca.gov/>. This requirement applies to all General Plan Actions and Amendments, and Development Projects that meet one or more of the following conditions:

- 1) Is located within 1,000 feet of a military installation,
- 2) Is located within special use airspace, or
- 3) Is located beneath a low-level flight path

Copy of report attached?  Yes  No

### Cities Sphere of Influence

Is the site within a city sphere of influence?<sup>1</sup>  Yes  No

If yes, which city? \_\_\_\_\_

\_\_\_ 5 Copies of completed application form. (For projects within the Coastal Zone, submit one additional copy).

\_\_\_ 5 Copies of site plan. For projects within the Coastal Zone, submit one additional copy. Folded to 8 1/2" x 11". [Click to download Site Plan and Topographical Map Requirements](#)

\_\_\_ 5 Sets of floor plans and building elevations folded to 8 1/2" x 11".

\_\_\_ 1 Description of the variance that is requested.

\_\_\_ 1 Description of the special circumstances applicable to the project site that justifies the variance.

\_\_\_ 1 Law requires the Zoning Administrator find that the strict application of the zoning ordinance deprives the subject property of privileges enjoyed by other property owners in the vicinity and under identical zoning. Include an explanation verifying this circumstance.

\_\_\_ 1 For non-residential projects, submit a set of preliminary building elevations showing architectural design.

\_\_\_ 1 Stormwater Control Plan for Regulated Projects (See Section V)

\_\_\_ 1 Copy of the site plan reduced to 8 1/2" x 11".

\_\_\_ 1 Copy of an 8 1/2" x 11" vicinity map showing project location with respect to identifiable landmarks, roadways, etc.

\_\_\_ 1 Sets of photos taken from three vantage points:

- close-up
- mid-field
- entire project site.

**NO BLACK AND WHITE XEROX COPIES**

The following is also required:

<sup>1</sup> If additional information is needed regarding location of a City's Sphere of Influence, please contact our zoning information counter.

- mount the photos on heavy 8 1/2" x 11" paper
- orient the viewer by direction ("looking northwest from...")
- note any landmarks

**III. GRADING:** Will there be any grading associated with the project? Y N

**(NOTE: For proposed access drives over 12% grade, a clearance letter from the Fire Dept. will be required)**

CUT \_\_\_\_\_ cubic yards AMOUNT TO BE EXPORTED \_\_\_\_\_ c.y.

FILL \_\_\_\_\_ c.y. AMOUNT TO BE IMPORTED \_\_\_\_\_ c.y.

MAXIMUM VERTICAL HEIGHT OF CUT SLOPES \_\_\_\_\_

MAXIMUM VERTICAL HEIGHT OF FILL SLOPES \_\_\_\_\_

MAXIMUM HEIGHT OF ANY PROPOSED RETAINING WALL(S) \_\_\_\_\_

TOTAL AREA DISTURBED BY GRADING (sq. ft. or acres) \_\_\_\_\_

What is the address of the pick-up/deposit site for any excess cut/fill?

\_\_\_\_\_

Specify the proposed truck haul route to/from this location.

\_\_\_\_\_

**IV. SITE INFORMATION**

A. Is this property under an Agricultural Preserve Contract? Y N

B. Describe any unstable soil areas on the site.

\_\_\_\_\_

\_\_\_\_\_

C. Name and describe any year round or seasonal creeks, ponds, drainage courses or other water bodies. How is runoff currently conveyed from the site?

\_\_\_\_\_

\_\_\_\_\_

D. Has there ever been flooding on the site? Y N  
If yes, state the year and describe the effect on the project site.

\_\_\_\_\_

\_\_\_\_\_

E. Describe any proposed drainage and/or flood control measures. How will storm water be conveyed across and from the site? Where will storm water discharge?

\_\_\_\_\_

\_\_\_\_\_

F. Will the project require the removal of any trees? Y N  
If so, please list them here as requested. Attach additional sheets as necessary.

<u>Type</u>	<u>Diameter (at 4' height)</u>	<u>Height</u>
—		
—		

Explain why it is necessary to remove these trees.

—  
—

G. Describe any noise sources that currently affect the site.

—

H. Are there any prehistoric or historic archaeological sites on the property or on neighboring parcels? Y  
N Unknown  
If yes, describe. \_\_\_\_\_

I. Describe all third party property interests (such as easements, leases, licenses, rights-of-way, fee  
ownerships or water sharing agreements) affecting the project site, provision of public utilities to the site or  
drainage off the site.

—  
—

J. Have you incorporated any measures into your project to mitigate or reduce potential environmental  
impacts? Y N Unknown If so, list them here. (Examples include tree preservation plans, creek  
restoration plans, and open space easements.)

—

**V. STORM WATER MANAGEMENT AND APPLICATION OF LOW IMPACT DEVELOPMENT  
FEATURES**

Is the project located in the NPDES Permit Area<sup>2</sup> ? Y N Undetermined

If Yes and 2,500 square feet or more of new or replaced impervious area, the project shall comply with the  
following:

Tier 1. If the project is 2,500 square feet or more of new or replaced impervious area, submit a  
*Stormwater Control Plan for Small (Tier 1) Projects*<sup>1</sup> with this application that identifies Low Impact  
Development measures incorporated into the project design, such as:

- Limit disturbance of natural drainage features
- Limit clearing, grading, and soil compaction
- Minimize impervious surfaces

<sup>2</sup> See [www.sbprojectcleanwater.org](http://www.sbprojectcleanwater.org) under "Development" for map of the NPDES Permit Area, Stormwater Technical  
Guide, Stormwater Control Plan template, Stormwater Control Plan for Small (Tier 1) Projects, and a definition of Low  
Impact Development.

- Minimize runoff by dispersing runoff to landscape or using permeable pavements

Tier 2. If the project is 5,000 square feet or more of new or replaced “net impervious” area (not Single Family Dwelling), or if the project is Single Family Dwelling with 15,000 square feet or more of new or replaced “net impervious” area, submit a *Stormwater Control Plan* with this application that identifies 1) Low Impact Development measures incorporated into the project design and 2) stormwater quality treatment measures. [“Net impervious” is defined as the sum of new and replaced impervious surface area minus any reduction in impervious, such as new landscaped area. It is an incentive for redevelopment projects to increase pervious area.]

Tier 3. If the project is 15,000 square feet or more of new or replaced impervious area, submit a *Stormwater Control Plan* with this application that identifies the above requirements and also identifies retention of stormwater runoff from a regulated storm event.

If No, the project is not located in the NPDES Permit Area, but is a Regulated Project, the project shall comply with the following:

Regulated Project:

1. Residential subdivision developments with 10 or more dwelling units;
2. Commercial development of 0.5 acres or greater;
3. Parking lots of 5,000 square feet or more or have 25 or more parking spaces and are potentially exposed to storm water runoff;
4. Automotive repair shops;
5. Retail gasoline outlets;
6. Restaurants, and
7. Any new development or redevelopment where imperviousness exceeds one acre.

Water Quality: Submit a *Stormwater Control Plan* with this application that identifies measures to reduce and remove pollutants from storm water runoff. The *Stormwater Control Plan* will follow the Tier 2 approach described in the Stormwater Technical Guide, with storm water treatment, source control, and LID<sup>3</sup> measures.

**VI. ACCESS**

- A. Describe the existing access road(s) to the site. Include road widths, shoulders, and type of surface material.

---

---

- B. Does property front on a public street? Y N  
 Is access to be taken from this public street? Y N  
 Name of public street: \_\_\_\_\_

- C. Will the proposed access utilize an easement across neighboring property? Y\* N  
**\*Submit documentation which supports the applicant's use of this easement.**

- D. Describe proposed construction equipment access \_\_\_\_\_
- 

---

<sup>3</sup> Low Impact Development is a design approach that minimizes or eliminates pollutants in storm water through natural processes and maintains pre-development hydrologic characteristics, such as flow patterns, onsite retention, and recharge rates. For examples and design guidance see <http://www.sbprojectcleanwater.org>.  
 Updated by SCI 050219

**VII. DEVELOPMENT AND USE**

A. Existing: Describe the existing structures and/or improvements on the site.

<u>Use</u>	<u>Size (sq ft)</u>	<u>Height</u>	<u># of Dwelling Units</u>
_____	_____	_____	_____
_____	_____	_____	_____

B. Proposed: Describe the proposed structures and/or improvements.

<u>Use</u>	<u>Size (sq ft)</u>	<u>Height</u>	<u># of Dwelling Units</u>
_____	_____	_____	_____
_____	_____	_____	_____

C. Will any structures be demolished or removed? \_\_\_\_ If so, please list them here as requested.

<u>Current Use</u>	Historic Use	Age	<u>Rental Price (if rented)</u>
_____	_____	_____	_____
_____	_____	_____	_____

D. Describe all other existing uses of the property.

\_\_\_\_\_

E. How will the project affect the existing uses of the property?

\_\_\_\_\_

F. Describe any other historic use(s) of the property. This may include agricultural (include crop type), commercial, or residential uses.

\_\_\_\_\_

G. Provide a short description of the land uses surrounding the site.

North \_\_\_\_\_

South \_\_\_\_\_

East \_\_\_\_\_

West \_\_\_\_\_

H. STATISTICS: Mark each section with either the information requested or "n/a" if not applicable.

	<u>EXISTING</u>	<u>PROPOSED</u>	<u>TOTAL</u>
BUILDING COVERAGE	_____	_____	_____
IMPERMEABLE ROADS/PARKING/ WALKWAYS (sq. ft.)	_____	_____	_____
OPEN SPACE (sq. ft.)	_____	_____	_____
RECREATION (sq. ft.)	_____	_____	_____
LANDSCAPING (sq. ft.)	_____	_____	_____
AGRICULTURAL LANDS (sq. ft.)	_____	_____	_____
POPULATION (#) (employees/residents)	_____	_____	_____
DWELLING, HOTEL/MOTEL UNITS	_____	_____	_____
PARKING (on-site)			
TOTAL # OF SPACES	_____	_____	_____
# OF COVERED SPACES	_____	_____	_____
# OF STANDARD SPACES	_____	_____	_____
SIZE OF COMPACT SPACES	_____	_____	_____

Estimate the cost of development, excluding land costs. \_\_\_\_\_

**VIII. PARCEL VALIDITY**

P&D requires applications for development on vacant, unimproved property to provide clear evidence that the property is a separate legal lot. The following documents that show the subject property in its current configuration constitute acceptable evidence of a separate, legal lot: a recorded Parcel or Final Map, a recorded Official Map, a recorded Certificate of Compliance or Conditional Certificate of Compliance, an approved Lot Line Adjustment, a recorded Reversion to Acreage, a recorded Voluntary Merger or an approved Lot Split Plat.

A. Type of evidence provided to demonstrate a separate, legal lot:

\_\_\_\_\_

Copy of evidence attached:             Yes                             No

Reference number for evidence supplied: \_\_\_\_\_

**IX. PUBLIC/PRIVATE SERVICES**

**A. WATER:**

1. If the property is currently served by a private well, submit the following for each well:

- a. Pumpage records (electrical meter or flow meter readings) for the past 10 years
- b. Pump test data
- c. Location of other wells within 500 feet
- d. Water quality analysis
- e. Drillers report (with construction details)
- f. Copy of applicable well sharing agreement

2. Does the well serve other properties? Y N

If yes, address(es): \_\_\_\_\_

3. Is a well proposed? Y N If so, will it serve other properties? Y N

If yes, address(es): \_\_\_\_\_

4. If the property is currently served by a private or public water district, submit the following:

a. Name: \_\_\_\_\_

5. Will the project require annexation to a public or private water company? Y N

If yes, name: \_\_\_\_\_

**B. SEWAGE DISPOSAL:**

1. Existing: Indicate if the property is currently served by the following:

Yes/No

- a. Septic system\* \_\_\_\_\_
- b. Drywell\* \_\_\_\_\_
- c. Public sewer district \_\_\_\_\_ If yes, name: \_\_\_\_\_

\*Submit engineering details on septic tanks and dry wells, as well as calculations for leach field size, where applicable.

2. Proposed: Indicate what sewage disposal services are proposed as part of this project?

- a. Septic system\* \_\_\_\_\_
- b. Drywell\* \_\_\_\_\_
- c. Public sewer district \_\_\_\_\_ District Name: \_\_\_\_\_

\*Submit percolation tests and/or drywell performance tests as applicable.

3. Will the project require annexation to any public sewer district? Y N

Name: \_\_\_\_\_

**C. FIRE PROTECTION**

1. Fire protection is (will be) provided by the \_\_\_\_\_ Fire Department.  
(Montecito, Summerland, S.B. County)

- 2. Is there an existing water main infrastructure in the vicinity? Circle one: Yes No
- 3. How far away is the nearest standard fire hydrant? \_\_\_\_\_ feet.
- 4. Is a new fire hydrant proposed? Circle one: Yes No
- 5. If a new hydrant is proposed, what is the longest driving distance from the proposed hydrant to the proposed building(s)? \_\_\_\_\_ feet.
- 6. Will fire protection be provided by an on-site water storage tank? Circle one: Yes No

Tank capacity: \_\_\_\_\_ gallons

- 7. What is the driving distance from the water tank to the proposed structure(s)? \_\_\_\_\_ feet.
- 8. Is a fire sprinkler system proposed? Yes No Location \_\_\_\_\_
- 9. Describe the access for fire trucks. Include width and height clearance for access and surface material.  
\_\_\_\_\_  
\_\_\_\_\_
- 10. Will hazardous materials be stored or used? Y/N List any hazardous materials which may be used or stored on the site. \_\_\_\_\_  
\_\_\_\_\_

**HAZARDOUS WASTE/MATERIALS**

**Please read and answer the following questions if, in the known history of the property, there has been any storage (above or underground) or discharge of hazardous materials or if the proposal includes storage, use or discharge of any hazardous material. Hazardous materials include pesticides, herbicides, solvents, oil, fuel, or other flammable liquids. Attach additional sheets if necessary.**

**Past & Present:**

List any hazardous materials which have been or are currently stored/discharged/produced on the property. Describe their use, storage and method of discharge. Provide dates where possible.

---

---

---

If a characterization study has been prepared, please submit it with this application.

Is the project site on the County Site Mitigation list? Y N Unknown

Is the site on the CA Hazardous Waste and Substances Sites list? Y N Unknown

**Proposed Project:**

List any hazardous materials proposed to be stored/discharged/produced on the property. Describe the proposed use and method of storage and disposal.

---

---

---

If the proposed project involves use, storage or disposal of any hazardous materials, please contact County Fire Department at 686-8170 to determine whether additional submittals are required.

**Please include any other information you feel is relevant to this application .**

**CERTIFICATION OF ACCURACY AND COMPLETENESS:** Signatures must be completed for each line. If one or more of the parties are the same, please re-sign the applicable line.

**Applicant's signature authorizes County staff to enter the property described above for the purposes of inspection.**

*I hereby declare under penalty of perjury that the information contained in this application and all attached materials are correct, true and complete. I acknowledge and agree that the County of Santa Barbara is relying on the accuracy of this information and my representations in order to process this application and that any permits issued by the County may be rescinded if it is determined that the information and materials submitted are not true and correct. I further acknowledge that I may be liable for any costs associated with rescission of such permits.*
