 Notes: Discrepancies exist between data sourced from the County of Santa Barbara, such as land parcels and land use, and the Aera Energy LLC property boundary. This is due to the Aera Energy, LLC property boundary and Aera Energy LLC lease boundaries having been surveyed and field verified by a registered land surveyor (DPSI, 2013) and the County sourced data being created at a desktop level as a cadastral fabric best fitted to cover the entire County area. This map was created for informational and display purposes only.
