

Acknowledgements

The Santa Barbara County Coastal Creeks Bioassessment Program is funded by Project Clean Water, the County of Santa Barbara's stormwater task force. The Program is envisioned as a long-term effort to monitor the health of creeks in Santa Barbara County. The following people played a major role in developing the Program and making it a success in 2001.

County of Santa Barbara

Robert Almy, Manager, Project Clean Water
Cathleen Garnand, P.E., Civil Engineering Associate
Tommy Liddell, Engineering Technician
Willie Brummett, Environmental Health Specialist

Aquatic Consulting Services, Inc.

Jeff Brinkman, Biologist / Project Manager
Lou Courtois, Ph.D., President
Donna Courtois, Vice-President
Darren Howe, Biologist

Padre Associates, Inc.

Simon Poulter, Principal

University of California at Santa Barbara

Scott Cooper, Ph.D., Professor of Freshwater Ecology (unpaid advisor)
